

TEEPEE PARTEES

COVID 19

In accordance with UK Government Guidance January 2021.

GOV.UK states the following: “Where it is necessary for you to work in other people’s homes - for example, for nannies, cleaners or tradespeople - you can do so”

EQUIPMENT HIRE

Teepee Partees agrees that, in line with Government legislation and guidance, we can only supply our equipment for single household parties.

If clients are found in breach of this, Teepee Partees reserve the right to immediately arrange collection of the equipment.

PPE

All of our staff will be equipped with single use Personal Protective Equipment (PPE) and will be worn for the entire duration we are in your home. All of our staff have completed Virus Prevention Course, certificates are available to view.

CLEANING OF EQUIPMENT

All bedding (mattress protectors, sheets, duvets, duvet covers, blankets, cushion covers) that we provide will be washed with antibacterial wash and placed in a sealed bag 72 hours prior to delivery.

We will not be able to supply any soft furnishings that are unable to be washed at 60 degrees or steam cleaned.

It is the clients responsibility to provide pillows and pillowcases for all guests.

We will ensure that cross contamination between households will be eliminated by introducing a quarantine period of 72 hours between use of all equipment. All items will be steam cleaned and sanitised after each use before it can be rehired.

All non soft furnishings (tray tables, lights, donut walls) will be cleaned with antibacterial spray

INSTALLATION AND COLLECTION

All of our equipment will be delivered in sealed packaging to protect it against contamination. When dismantling, we will place everything in sealed bags before removing from the property.

We request that the client makes arrangements to ensure that Teepee Partees have a clear space for both installation and collection with no one occupying the designated area. Windows need to be open before our arrival to ventilate the space.

Teepee Partees will remove any of our own waste.

SYMPTOMS OF COVID

24 hours prior to your event, Teepee Partees will contact the client to check if any members of your household or social bubble have been tested positive for Covid 19 or are presenting any symptoms. Clients will be required to sign a Covid declaration form to confirm this.

In the highly unlikely* event that Teepee Partees have to cancel the event due to staff members either testing positive or showing symptoms, we will notify the client 48 hours in advance and rearrange the event at the next convenient date for the client after the isolation period.

**Teepee Partees is run by two different households, we will always explore every possible solution to ensure that cancellation is the very last option.*
